Sorry, not for us right now.

Tell us more.

Reason:

- Presentation not at a standard industry level.
- Concept or story too confusing or didn't grab us.
- Not enough conflict, tension, or stakes.
- Too predictable or clichéd.
- We already have a similar project in development.

Comment: It's a good concept. You're on the right track. We'd love to see other material. Thank you for your submission.
